

ENTRY PIPE IN TOP
FLOWFORM ONLY

The diagram shows a top-down view of a flowform. It features a central vertical channel with two side branches. Two circular entry pipes are located in the upper section. The lower section is shaded with horizontal lines. Dashed lines indicate the boundaries of the flowform and the base surface. A label 'ENTRY PIPE IN TOP FLOWFORM ONLY' points to the upper pipes, and another label 'SURFACE OF BASE (AUFLAGEFLÄCHE)' points to the lower section.

SURFACE OF BASE
(AUFLAGEFLÄCHE)
